September 2021

Dear Parent/Guardian,

Lego Masters Club – All Years

Lego Masters Club will be starting on Friday 17th September for all children at St Edward's Academy. The club will run every Friday from 3.40pm – 4.45pm until the end of the academic year.

Lego can play an important part in a child's learning and development.

Connecting pieces of Lego requires precision and coordination, which assists children to develop and strengthen their fine motor skills.

Children who play with Lego together learn how to share with others. Playing with Lego also teaches children basic teamwork and communication skills when working together to achieve a common goal.

When playing with Lego, creativity is only limited by your own imagination! Lego gives children the opportunity to let their imagination run wild and explore their creativity without fear of failure.

If your child is interesting in joining the Lego Masters club, please complete the link to the form below at your earliest convenience.

Yours sincerely

Mr. S Allanson
